

Optimiza Participates in MEFTEC 2009

Within its vision to explore financing opportunities in the gulf market and worldwide, and to increase exposure to investors and partners, Optimiza participated as an exhibitor in the Banking & Financial Technology Event, MEFTEC that was held on February 10-11, 2009 at The Bahrain International Exhibition centre, Kingdom of Bahrain.

MEFTEC brought together financial technology leaders for a bespoke learning, networking and business experience that blends an industry-leading conference with a tightly focused exhibition and a high-class social functions. This gave Optimiza the chance to demonstrate its specialized offerings and solutions in the financial services industry, and to share its deep experience with many other service providers from this sector.
